Tel. nr.: +421 902 945 430

Description

The product named GamoSoy R is a refined soybean oil. It is produced from GMO FREE soybean.

The oil is formed after the cleaning, extrusion and mechanical pressing of soybeans, followed by refination. It contains more than 19 % of mono-unsaturated and more than 75 % of mono and polyunsaturated fatty acids. Smoke point is around 230 °C, which makes it suitable for frying with high temperature.

Using

As feed stuff, could be used for monogastric animals.

Typical parameters

Color: translucent, yellow

Odour: Free from foreign odour and taste
